The Developmental Disabilities Resource Board of St. Charles County

invites you to share in the celebration of 30 years of
community based programs and supports for St. Charles
County citizens with developmental disabilities.

Plan to join us for appetizers while we share memories
and recognize the dedicated service of past and present
DDR B Board Members and others who have contributed
so much.

We hope to see you there!

*Ensuring that individuals with developmental disabilities have quality
opportunities and choices to be fully included in society.*
