Developmental Disabilities Resource Board
Best Practices Conference Program
Policy Origination: October 7, 2015
Policy Revision Effective: July 1, 2018
Policy Revision Approval: November 16, 2017
Policy Reviewed: November 16, 2017

Purpose:

The DDRB encourages provider agencies to develop innovative approaches to meet the needs of individuals with developmental disabilities. The DDRB Best Practices Conference Program is intended to provide funding assistance to designated agency staff, by category of service or overall quality enhancement, to attend conferences that focus on methods and techniques that have consistently proven to have superior results than those achieved by current means.

Conference teams will be established based on agency/staff interest in bringing forward innovative ideas/best practices to the St. Charles provider/DDRB. Members of the conference teams will lead the process and will ensure innovative/best practices are shared and developed. Teams will present to the DDRB committees/board as applicable.

Since service delivery can vary between agencies that provide the same service, service category workgroups will be established to encourage a team approach. Service category workgroups research and identify the conference to attend. Workgroup members identify the agency representatives to attend the conference. Each member agency is limited to one staff per conference to provide greater agency representation. In addition, having a variety of agency attendees provides opportunities for participation in multiple break-out sessions (if applicable) and encourages dialog amongst the agency representatives to develop new methodologies that improve the lives of individuals with developmental disabilities.
