Welcome to Issue 10 of the *Legislative Update*. We are heading into the last half of the legislative session. To make tracking the progress of bills easier any change in bill status will be highlighted in red.

As always, we welcome your comments and suggestions. We again have an index to help you find what category each bill is under. Please feel free to contact us with suggestions, questions or comments.

Just as last year, the bill will be summarized the first time it is listed. If significant changes to a bill occur, they will be summarized when the change occurs. The bill number, title, sponsor, and current status will be reported each week along with the *Legislative Update* issue number in which the most recent summary can be found.

Each issue of the *Legislative Update* is available on the Governor's Council on Disability's website at <http://www.disabilityinfo.mo.gov/gcd/>. Access to individual bill information is available on the Missouri General Assembly's website at <http://www.moga.mo.gov/>.

A glossary of terms can be found at <http://www.house.mo.gov/>. If you need a different format please contact our office.

The summaries are prepared by the Research Staff of the Missouri House of Representatives and are used by permission.

If you would like to learn more about the legislative process consider attending the Legislative Education Project training. For more information call 1-800-877-8249.

Customized Legislative Process training: The Governor's Council will offer customized one day trainings on the legislative process.

Bills are organized in the following Categories:

- Assistive Technology

Status: 2/15/10 Second Read (H) Issue 10

HB 2184 – Lampe (D)

Requires all health benefit plans to provide coverage for certain habilitative services for children younger than 19 with certain disorders
Requires all health benefit plans that are delivered, continued, or renewed on or after January 1, 2011, to provide coverage for habilitative services for children younger than 19 years of age with a congenital, genetic, or early acquired disorder if a licensed physician has diagnosed the disorder, treatment is administered by a specified licensed practitioner, and the treatment is medically necessary and therapeutic and not considered experimental. The coverage will be subject to other general exclusions and limitations in the policy of the health benefit plan. Habilitative services that are solely educational are not eligible for reimbursement. The coverage cannot apply to any treatment of a mental or emotional disorder or illness that is considered a mental health diagnosis by law. Denial of coverage is subject to appeal and external independent review procedures. A health carrier or health benefit plan can request medical records to substantiate medical necessity for initial or continued treatment provided under the coverage and request a treatment plan from the treating provider. Certain supplemental insurance policies are exempt from the provisions of the bill.
