## **Of Your Loved One With Special Needs**

---

Community Living, Inc., Crider Health Center, F.A.C.T., Family Support Services, Life Skills, United Services, and Willows Way plus other service providers are collaborating to provide **FREE** educational workshops on long-term planning for loved ones with special needs. The workshops are open to all family members, friends, and guardians of individuals with special needs.

The workshops will provide essential information, regardless of your financial situation, to help you develop a plan or evaluate your existing plan. Lack of a plan or a proper plan can put loved ones at risk for losing benefits. A portion of the workshops will be devoted to discussing guardianships, as well. An expert panel will lead the workshops and address your questions and concerns.
