

LEGISLATIVE UPDATE

Issue 7, February 17, 2012

Office of Administration
GOVERNOR'S COUNCIL ON DISABILITY
PO Box 1668
Jefferson City, MO 65102
800-877-8249 (Voice/TTY)
573-526-4109 (Fax)
<http://www.mo.gov/disability/gcd/>

Welcome to the seventh issue of the 2012 Legislative Update with the 96th General Assembly. The *Legislative Update* will present a new bill by providing a summary description. When significant changes occur on the bill it will be summarized again. Any changes in bill status will be highlighted in red and an asterisk will be placed before the bill number.

- The *Legislative Update* issue number and current bill summary will be inserted each week along with the bill number, title, sponsor, and current status (includes the committee assigned, chair and vice chair of the committee). Online copies of the legislative updates will have a red hyperlink to take you to the description of the bill and sponsors. Appropriation bill links will have a purple hyperlink.
- The *Legislative Update* will also include an index to assist you in locating the bill's category.
- Each issue of the *Legislative Update* is available on the Governor's Council on Disability's website at <http://www.mo.gov/disability/gcd/>
- Access to individual bill information is available on the Missouri General Assembly's website at <http://www.moga.mo.gov/>
- A glossary of terms can be found at <http://house.mo.gov/>
- Please contact our office (Laura.Mueth@oa.mo.gov) if you need a different format.
- To learn more about the legislative process consider attending the *Legislative Education Project* training by registering online.
- Governor's Council on Disability (GCD) welcomes your comments and suggestions. Your comments can be submitted online to the GCD website at <http://www.mo.gov/disability/gcd/> or call us at (800) 877-8249.

The summaries are prepared by the Research Staff of the Missouri House of Representatives and are used by permission.

Bills are organized in the following categories:

- Assistive Technology
- Crime
- Education
- Employment
- Funding/Tax Relief
- Health Care and Personal Assistance
- Legal Rights and Responsibilities
- Mental Health
- Olmstead
- Safety/Prevention
- Services for people with Disabilities
- Other
- Appropriations

Note: When "incapacitated," "handicapped," appear in a bill description, it reflects the terminology of the legislation, not the Governor's Council on Disability.

Adds an individual with mental disabilities to the list of people who must be afforded the same rights as those without disabilities in public places and the right to be accompanied by a service dog

Status:

2/13/12 Hearing Completed (H)

2/13/12 Hearing Scheduled (H)

2/9/12 Referred to Special Standing Committee on Disability Services (H) Chair: Grisamore, Vice Chair:

Houghton

1/23/12 Second Read (H)

1/19/12 Introduced and First Read (H)

SB 809 - Lamping

Modifies provisions relating to public accommodations and service dogs for persons with mental disabilities

Under this act an individual with mental disabilities is added to the list of people who must be afforded the same rights as those without disabilities to use streets, highways, sidewalks, public buildings, public facilities, and other public places. An individual with mental disabilities is also entitled to equal accommodation from common carriers, airlines, motor vehicles, trains, buses, taxis, and any other public conveyances or modes of transportation, as well as hotels, places of public accommodation, amusement or resort, and other places to which the general public is invited. This act also provides that persons with mental disabilities shall have the right to be accompanied by a guide, hearing, or service dog in any of these places without being required to pay an extra charge, provided that such person shall be liable for any damages done to the premises or facilities by such dog.

A member of a service dog team has the right to be accompanied by the dog while the dog is in training and shall be liable for any damages to a facility caused by the dog training. A service dog team consists of a trained service dog, a person with a disability or child, and an adult person who

has been trained to handle the dog. The term "service dog" is revised to include, but not be limited to, a search and rescue dog that is trained to assist a person with a mental disability from becoming lost and a service team dog that has been trained to help with the search and rescue of an individual with a disability.

SB 799 - Justus

Changes the requirements for school anti-bullying policies

This act modifies the requirements for school anti-bullying policies. The definition of "bullying" is modified to include discrimination and to include actions that substantially interfere with a student's educational performance, opportunities, or benefits, or that substantially disrupt the orderly operation of the school. Bullying is prohibited by school employees or students on school property, at school functions, or on school buses. This act removes the requirement that school policies treat all students equally and not identify lists of protected classes of students. Instead, bullying that is based on characteristics or categories, as described in the act, is prohibited.

A school employee, student, or volunteer who has witnessed or has reliable information that a student or school employee has been subject to discrimination or harassment must report the incident to the appropriate school official.

School district policies must contain the following: a statement prohibiting bullying, including a definition of bullying, as described in the act; a statement requiring district employees to report an instance of bullying of which an employee has reliable information; a procedure for reporting an act of bullying, including anonymous reporting, as described in the act; a procedure for prompt investigations; how a school will respond to a confirmed incident of bullying; a statement prohibiting reprisal or retaliation against a person who reports an act of bullying; a statement of how the policy will be made public; a process for discussing the policy with students and training employees and volunteers; and a procedure for implementing and maintaining annual confidential surveys of students and school employees that measure their perception and experiences of harassment and discrimination.

The State Board of Education must develop model anti-bullying policies to assist school districts no later than September 1, 2013, and has authority to promulgate rules and regulations under this act.

SB 807 - Dempsey

Modifies the law relating to the Second Injury Fund

This act modifies several provisions relating to the Second Injury Fund. The act allows the Second Injury Fund to advance or reimburse employees for expenses when an employee is required to submit to medical treatment outside the area of the employee's principal place of employment. Currently, employers and insurers are not required to pay transportation costs for treatment requiring over 500 miles of travel. The Second Injury Fund is included in this provision. Currently, employees are entitled to \$40 per week for rehabilitation paid out of the Second Injury Fund. This benefit is eliminated.

Employees shall submit to vocational testing and a vocational rehabilitation assessment scheduled by the Attorney General on behalf of the Second Injury Fund if the employer has not obtained a vocational rehabilitation assessment. Similarly, employees shall submit to reasonable medical examinations at the request of the Attorney General on behalf of the second injury fund.

Currently, delinquent benefit payments are subject to interest at 10% per year. This act allows the Director of Revenue to set the interest to equal the adjusted prime rate charged by banks. Currently, medical reports are admissible in evidence under certain circumstances in workers' compensation claims but not in claims against the Second Injury Fund. The act allows the reports to be admissible in claims against the Second Injury Fund.

Claims for permanent partial disability shall not be allowed against the Second Injury Fund after the effective date of the act. Claims for permanent total disability shall only be allowed going forward for instances when:

- there exists a medically documented preexisting permanent disability caused by military duty or a preexisting permanent partial disability,
- the preexisting disability equals a minimum of 50 weeks of compensation according to the medical standards that are used in determining compensation, and
- a subsequent work-related injury occurs and, when combined with the elements of the prior injury, results in permanent total disability.

Employers at the time of the last injury are only liable for the disability resulting from the subsequent injury.

The act places limitations on when the Treasurer may enter agreed statements of fact and compromise settlements. Settlements are capped at \$60,000 for claims other than permanent total disability claims filed prior to the effective date of the act and capped at 200 times the employee's permanent total disability rate for all permanent total disability claims. Settlements may be made in any amount if a majority of the Second Injury Fund commission expressly authorizes the amount. The Treasurer, with the advice and consent of the Attorney General and the authorization of the Second Injury Fund Commission, may enter into compromise settlements with dependents of

claimants arising from the Schoemehl v. Treasurer decision.

Currently, the Second Injury Fund covers the fair, reasonable, and necessary expenses relating to the death and injury of employees of uninsured employers. The fund will no longer cover those costs going forward.

Currently, an actuarial study of the fund is conducted every 3 years. This act requires a yearly study beginning in 2013.

Compensation shall not be payable from the Second Injury Fund when employees elect to pursue workers' compensation outside of the state.

Life payments paid out of the Second Injury Fund shall be suspended for all injured employees when the employee is able to obtain suitable gainful employment or be self-employed in view of the nature and severity of the injury. Life payments paid out of the Second Injury Fund may be suspended for any injured employee when the employee becomes eligible to receive Social Security benefits. The combined sum of the amount of monthly payments from the Second Injury Fund and monthly Social Security benefits shall not be less than the life payments otherwise payable out of the Second Injury Fund.

The act establishes a priority for paying fund liabilities as follows:

1. Expenses relating to legal defense of the fund.
2. Permanent total disability awards in the order in which they are settled or finally adjudicated.
3. Permanent partial disability awards in the order in which they are settled or finally adjudicated.
4. Medical expenses incurred prior to July 1, 2011.
5. Interest on unpaid awards.

Currently, a 2% tax is levied on insurance carriers when the balance of the workers' compensation fund is estimated to be on hand on December 31 is less than 110% of the previous year's expenses. This act requires that amount to actually be on hand on July 1 of the year of the determination which shall be made on October 31.

The act repeals a provision allowing loans to be made to the Missouri Employers Mutual Insurance Company.

The act institutes a funding mechanism to bolster the Second Injury Fund when usual collections are inadequate. If funds fall short, the Director of the Division of Workers' Compensation shall determine the shortfall which shall be collected with a supplemental surcharge not to exceed 1 1/2%. If funds continue to fall short, the Second Injury Fund Commission shall determine the shortfall which shall be collected with a supplemental surcharge not to exceed 1 1/2%. The provisions containing the authorization of additional surcharges expire on December 31, 2019.

The Attorney General shall reduce staff in proportion to the number of Second Injury Fund cases that remain.

The act creates the Second Injury Fund Commission composed of the Governor, Attorney General, President Pro Tem of the Senate, and the Speaker of the House of Representatives to approve additional surcharges and authorize certain settlements.

Sections 287.165 and 287.220 that establish the type of claims to be paid out of the fund, limitations on settlement agreements, and allowable interest under the chapter carry an emergency clause.

Establishes Bryce's Law which authorizes a tax credit for a person donating to a scholarship-granting organization for special needs students if it is not claimed on his or her federal income tax return

This act allows an individual to claim as a tax credit up to eighty percent of the amount the individual contributed to a scholarship granting organization year beginning January 1, 2012. This tax credit can be carried over to subsequent tax years until the full credit is claimed. The director of the Department of Elementary and Secondary Education will determine which organizations will be considered scholarship granting organizations based on criteria set forth in this act. The Department Director will determine the number of Missouri students with special needs and the number of scholarship opportunities available each year. The number of scholarship opportunities will be announced publicly. The act establishes the criteria the organizations and departments must follow. This act authorizes a study of the program once it is established.

***SB 782 - Curls**

Establishes the Lupus Research Trust Fund

This act creates a one dollar check-off on the Missouri individual income tax form and a two dollar check-off on the corporate income tax form. The money designated for the check-off will be deposited into the Lupus Revolving Research Trust Fund, which is created in this act and which shall be administered by the Department of Health and Senior Services. The fund shall be a dedicated

fund, and upon appropriation, money in the fund shall be used solely as provided under this act. The check-off is primarily for taxpayers who are to receive a refund. However, taxpayers who owe taxes may also contribute to the fund and any taxpayer may elect to contribute more than the one or two-dollar amount. The director of revenue shall deposit at least monthly all contributions designated by individuals under this act to the state treasurer for deposit to the fund.

This act also establishes in the Department of Health and Senior Services a Lupus Research Enhancement Program through which the department shall make grants to state academic medical institutions in this state that currently conduct or have an interest in conducting basic and clinical, social, translational, technological, epidemiological, and behavioral research on Lupus. In establishing its research priorities, the department shall consult with the Lupus Research Advisory Council which is also created under this act and established within the department in order to consider a broad range of cross-disciplinary lupus research. The list of members and the duties of the council are delineated under the act but shall include reviewing submitted applications for grants from the lupus revolving research trust fund and offering recommendations, consulting with leading health organizations on Lupus research, and submitting on or before December thirty-first of each year a report to the general assembly on grants made, grants in progress, program accomplishments, and future program directions.

The provisions of this act will automatically sunset six years from the effective date of the act.

SB 803 - Rupp

Modifies provisions relating to behavior analysts and the Behavior Analyst Advisory Board

This act modifies provisions relating to temporary behavior analysts, temporary assistant behavior analysts, provisional behavior analysts, provisional assistant behavior analysts, and the Behavior Analyst Advisory Board.

Currently, the Governor selects one of the professional members of the State Committee of Psychologists to serve on the Behavior Analyst Advisory Board. This act mandates that the

committee will select by a majority vote which professional member of the committee will serve on the advisory board

The Behavior Analyst Advisory Board will review all applications for any behavior analyst license. The board will also recommend to the State Committee of Psychologists rules for promulgation regarding all types of behavior analyst licenses.

Submission of a fee set by the State Committee of Psychologists will be required before a temporary license is issued. For licensure as a temporary assistant behavior analyst, proof of a valid license as an assistant behavior analyst in another state is required.

The requirements for submission of a passport photograph, passage of an examination, and board certification are eliminated for provisional licenses. To receive a provisional license, the applicant must submit a complete application, pay the appropriate fee, and satisfy the requirements for either a licensed behavior analyst or licensed assistant behavior analyst, depending on the provisional license sought. Those holding provisional licenses may only practice under the supervision of licensed behavior analyst. Provisional licenses will terminate upon issuance of a permanent license, a finding of cause to discipline, termination of supervision, or one year after issuance. Provisional licenses may only be renewed for one additional year.

No person shall hold themselves out as having a temporary or provisional license unless they meet the applicable requirements. Individual holding a temporary or provisional license shall limit their practice to their respective areas of competence and not practice in another area without obtaining additional training, education, and experience.
