Changes the laws regarding an electronic tracking system for certain home- and community-based providers

This act allows a personal care attendant to use the consumer directed services consumer's phone to complete electronic visit verification as long as it is not an additional cost for the consumer. Services can be terminated if the consumer refuses. It requires all consumer directed services and in-home vendors to have, maintain, and use an electronic visit verification system by July 1, 2016. It modifies what the electronic visit verification system will be able to do to read that the system will verify that the services are being provided at the location where the consumer resides. It states the Department of Health and Senior Services will allow more advanced systems to be used as they become available. MO HealthNet, the Department of Health and Senior Services, the Department of Social Services, and the Office of Administration will submit a report to the general assembly and the governor no later than June 30, 2016 regarding the effectiveness of the electronic visit verification system in reducing fraud and abuse. If a reduction in MO HealthNet fraud and abuse is not verified in the report, the requirement to use an electronic visit verification system will no longer be in effect.

HB 1133 - McGaugh

Establishes the "Designated Health Care Decision-Maker Act"

This act creates the "Designated Health Care Decision-Maker Act." This act requires that when someone is found to be incapacitated health care providers will make reasonable efforts to contact the individual's potential designated health care decision-makers that a designated health care decision-maker needs to be appointed. A contact attempt to the designated individual must be made within 24 hours of the person being incapacitated. The act sets forth the priority order of individuals who may make medical decisions for the individual. Individuals may petition a court for a temporary or permanent guardian to be appointed to make decisions if there is disagreement of whether treatment should be provided. The act requires

designated health care decision-makers to make decisions with the individual's beliefs in mind. The designated health care decision-maker will be considered a personal representative for the purposes of HIPAA. The act sets safeguards against the withholding of food or water. It cannot be done because of a pre-existing disability. It sets protocols for if the patient is no longer incapacitated.

SB 506 - Riddle

Adds sheltered workshop boards to the definition of
"political subdivision" for purposes of laws allowing
political subdivisions to cooperate with public and
private entities

Under current law, political subdivisions may
cooperate with other political subdivisions, federal
or state agencies, other states and their political
subdivisions, and private entities for the
construction, acquisition, or operation of a facility
or for a common service.

"Political subdivision" is defined for purposes of the
provisions allowing cooperation to include, among
other entities, libraries, road, drainage, sewer,
levee, and fire districts, soil and water conservation
districts, and art museum boards.

This act adds sheltered workshop boards to the
definition of "political subdivision".
